

Grants Pass Daily Courier

VOL. IX, No. 184.

GRANTS PASS, JOSEPHINE COUNTY, OREGON,

THURSDAY, JUNE 5, 1919.

WHOLE NUMBER 2685.

REPORTS SHOW BIG BONDING BILL KILLED

LIEUTENANT GOVERNOR AND
BONDING AMENDMENT ALSO
GO BY THE WAYSIDE

HOSPITAL MEASURE IN DOUBT

Roosevelt Highway, Soldiers' Aid
and Market Roads Believed to
Have Carried Over State

Portland, June 5.—The rural vote of Oregon Tuesday rallied to defeat the \$5,000,000 reconstruction bill. That element had able assistance from some of the valley towns, so that whereas Portland and Multnomah county gave the bonding proposition a favorable majority of nearly 4,000, the bill appears definitely to be defeated.

The Roosevelt highway found favor almost everywhere. Clackamas, Linn, Douglas and Umatilla have the distinction of being the only counties so far that have reported majorities against this proposal.

Douglas was the one county that voted against every measure on the ballot.

Portland, Ore., June 5.—Returns from outside counties, chiefly Douglas, Washington, Marion, Linn and Lane, show a heavy vote against some of the reconstruction measures.

The reconstruction bond amendment, the \$5,000,000 reconstruction bonding bill and the lieutenant governor measure were defeated, according to today's figures.

The industrial and reconstruction hospital amendment is in doubt.

The measures which carried were six per cent indebtedness, Roosevelt highway bill, soldiers' aid, market roads and irrigation drainage district interest guarantee.

BIG BUICK CAR RAMS HUP BUG AMIDSHIPS

One of the most peculiar auto accidents that ever happened in this county and certainly a miraculous one in that no one was killed or seriously injured, says the Medford Tribune, occurred last night on the Pacific highway in Phoenix.

Early in the evening Ross Small who had just purchased the second hand Buick six car formerly owned by Ed. Lampert from the A. W. Walker company started away in the car with three other Ashland men including a Mr. Nixon, owner of the Star garage in the city, for Ashland. As they were speeding through Phoenix, Al Clements and Buster McClellan in the former's Hup bug came along the side road and turned into the highway when the big Buick car, which some claim was going at 50 miles an hour was upon them. The Buick struck the bug squarely amidships and climbed on it a-straddle. The force of the impact hurled both cars to one side of the road against the small frame building used as the city hall of Phoenix. The two Ashland men in the front seat of the Buick were hurled through the windshield. It is certainly a miracle that the two men in the bug were not killed, but both escaped with minor cuts and bruises as did the men in the other car. They are residents of Eagle Point.

The spectacle of the telescoped cars, with the Buick astride the bug, was viewed and commented on with astonishment by the many people who were passing by in autos in both directions last night.

The bug was a complete wreck and the larger car was badly damaged.

THIEVES HARD HIT BY NEW AUTO LAW

Arrest Can Be Made Before Theft Is
Made—Study Rules and Keep
Out of Trouble

Portland, June 5.—Did you know that there is a distinct provision in the newly amended Oregon motor license law that forbade one from taking joy rides in some one else's car, and more than that, put the offender and within reach of law if he were nabbed getting into the other fellow's car, and before he had time to drive away? Well, there is. And now the man or boy who has been willing to take the chance of talking himself out of a tight corner, while getting away with a borrowed car, had better think this over. It's quotation from the law of Oregon:

"No person, except an authorized officer, marshal, constable or policeman shall, without the consent of the owner or person lawfully in charge of a motor vehicle, climb upon or into such motor vehicle, whether the same be at rest or in motion; or, while such motor vehicle is at rest or unattended, attempt to manipulate any of the levers, the starting crank or other device, brakes or mechanism, or to set said vehicle in motion."

There are other sections of the law that will interest the motorist. Here are the rules on equipment of cars:

(1) Equipment of. (a) Every motor vehicle shall be provided with adequate brakes sufficient to control the vehicle at all times, and a suitable bell, horn, whistle or other signaling device, and (b) shall during the period from one hour after sunset to one hour before sunrise, display at least two white lamps on the front and one red light on the rear of such vehicle. The white rays of such rear lamp shall shine upon the number plate carried on the rear of such vehicle. The light of the front lamps shall be visible at least 200 feet in the direction in which the vehicle is proceeding; provided, that motor bicycles or motorcycles and all vehicles other than motor cars shall be required to display but one lighted lamp, such lamp to be placed on the front of the vehicle so that it shall be visible at least 100 feet in the direction in which the vehicle is proceeding, and show red light to the rear. (c) When the convenience or safety of the use of any public highway demands, the front lights of every motor vehicle shall be dimmed so as to prevent any glare therefrom, or shall be so directed that the center rays thereof shall strike the ground at a distance not to exceed 75 feet in front of such vehicle; provided, that nothing in this subdivision shall be construed

78 LOSE LIVES WHEN TROLLEY WIRE BREAKS

SPARKS IGNITE CAR OF POWDER
WHICH EXPLODES, WRECK-
ING TRAIN IN MINE

BURNING BODIES RECOVERED

Delaware & Hudson Company Prop-
erty Turned Into Vale of Sor-
row in a Twinkling

Wilkesbarre, Pa., June 5.—Sixty mine workers were killed and 40 others injured at Baltimore No. 2 tunnel of the Delaware & Hudson company near here today. A car of black powder attached to a strip of cars on which the men were riding to chambers in the mine exploded. The trolley wire broke, sparks ignited the powder, and deaths resulted from fire and suffocation.

Wilkesbarre, June 5.—Later reports of the mine disaster show that there are 78 dead and 31 injured. The first bodies brought from the tunnel were still burning when they reached the surface.

200 YOUNG WOMEN WILL MAKE SEVEN-MILE RUN

San Francisco, Cal., June 5.—Two hundred young women are expected to start in the second annual Diptea over-country race to be held Sunday, June 8, under the auspices of the San Francisco Call and Post. The course is over seven miles of difficult roads, much of it being hilly. For this reason the entrants are obliged to undergo a regular course of training comparable with that of men long-distance runners. For several weeks the Diptea trail, which is located in Marin county about ten miles from here, has been dotted by young women in woolen shirts and khaki breeches, familiarizing themselves with the ups and downs of the course.

The race last year was won by Miss Edith Hickman in one hour, eighteen minutes and forty-eight seconds. One hundred and forty-eight young women finished the grind. The total number of starters last year was 177.

SOLDIERS AT WINNIPEG ARE TO KEEP ORDER

4,000 TAKE PLEDGE TO STAMP
OUT BOLSHIEVISM AND AN-
ARCHY FROM LABOR

ALIEN ENEMIES ARE BUSY

Loyal Troops Demand Deportation of
All Foreigners and Threaten to
Wreck Labor Temple

Winnipeg, June 5.—Four thousand veterans at a meeting today pledged themselves to maintain law and order and stamp out bolshevism and anarchy from the labor forces.

Winnipeg, Canada, June 5.—Feeling among the returned soldiers who are opposed to the general strike here, and particularly to participation of alien enemies in strike demonstrations, is at fever heat.

Mayor Gray was informed today that several thousand soldiers intended to march to the trades and labor council today, force an entrance if necessary, and demand that all aliens be ousted from the unions. They threatened to wreck the labor temple if necessary.

James Duncan, a Seattle labor leader, in a speech yesterday referred to the soldiers as "a bunch of ignoramuses."

Rumors are current that the strike will be called off in view of the veterans' impending action.

Vancouver, B. C., June 5.—Street car men here have joined the general strike and Vancouver today walked to work.

SUFFRAGE FIGHT WON AFTER 40-YEAR EFFORT

Washington, June 5.—With the suffrage fight in congress won yesterday, after 40 years of effort, advocates of the measure have turned their attention to the state legislatures, three-fourths of which must ratify the measure.

BOLSHIEVSKI PAINTED WHOLE TOWN RED

Princeton, N. J., June 5.—The Communists, or bolsheviks, painted everything red in Budapest until the paint supply was exhausted, according to an American officer who recently visited that Hungarian city.

JAPANESE MURDER VICTIMS IN CHURCH

After Firing Volley, Finish Bloody
Work With Sword and Bayonet.
One Escapes

Tokio, June 5.—Thirty-five Koreans were shot or killed with swords or bayonets by Japanese soldiers in a Christian church building at Cheam-ni, 40 miles from Seoul in connection with the Korean independence movement.

"The day before we arrived soldiers came to the village and ordered all the male Christians to gather at the church. When about 30 were in the church the soldiers opened fire on them with rifles and then entered the church and finished them off with swords and bayonets. After this they set fire to the church and to houses which otherwise would not have been burned."

One Korean told the correspondent he was alive because he was not a Christian and was not in the church.

VILLIA EXECUTES 8 IN CHIHUAHUA

El Paso, Tex., June 5.—Mexican newspapers here declare that Chihuahua City was taken by General Villa and Angeles last Sunday. It is said that Villa executed eight men on taking possession of the city.

DEPT. STORE CLERKS WILL GET VACATIONS

Los Angeles, Cal., June 5.—One of the largest department stores in Los Angeles announced recently that it would give all employees two days off each week during July and August by closing Friday night to remain closed until Monday mornings. Herebefore it has closed at noon on Saturdays of those two months. Fifteen hundred employees will benefit by the new ruling.

The management of the several other large stores here were said to be considering similar action.

INFLUENZA KILLS 27,000 IN SWEDEN

Stockholm, June 5.—Deaths from influenza in Sweden totalled 27,000 during 1918 according to official figures just published.

Sweden's population on January 1, totalled 5,813,850 an increase of only 13,000 or 2.25 per thousand, the lowest recorded since 1892.

LODGE-BORAH CHARGE LEAK TREATY TERMS

CLAIM CERTAIN INTERESTS IN
NEW YORK HAVE COPIES UN-
PUBLISHED COVENANT

BURLESON GIVES UP WIRES

Terms Demanded by Huns to Be
Made Easier But Not Lighter.
Hoche May Join League Later

Washington, June 5.—Postmaster General Burleson issued orders today returning the telegraph and telephone systems to private ownership, effective immediately.

Washington, June 5.—Today there was a stormy senate debate over a leak in diplomatic channels through which it has been charged that copies of the unpublished peace treaty have reached interests in New York. Senator Hitchcock, of Nebraska, calling up his resolution for senate investigation declared that statements by Senators Lodge and Borah regarding the treaty copies in New York constituted a "monstrous charge" involving a scandalous attack on the president, and is a new chapter in the attack on the treaty itself.

Paris, June 5.—Austria's attitude is not officially known, but Vienna advices report dissatisfaction. The people, however, seem to be lethargic.

Modifications of the German treaty seem approaching a definite form. It is not planned by the allies to make the terms lighter, but easier of execution.

Lloyd George, President Wilson and Premier Clemenceau seem inclined to fix a definite sum of \$25,000,000,000 as an indemnity. Germany, apparently, will not be allowed to enter the league of nations immediately.

The establishment of the Rhemish province is not taken seriously here. President Wilson may go to Brussels on a visit next week.

The reported capture of Petrograd is apparently without foundation.

KILAUEA WORKING OVERTIME

Honolulu, T. H., June 5.—Kilauea the great active volcano on the island of Hawaii, has for weeks past been unusually active, the lava column in the central fire pit having risen above the level of the floor of the main crater, sending streams of molten lava in all directions. One stream ran more than three miles in four days, forming a new lake of fire against the northern wall of the main crater. All previous records for rise of the lava column and length and duration of overflows have been broken.

O.A.C. TO PAY HONOR TO 52 STUDENT DEAD

Oregon Agricultural College, Corvallis, June 4.—Paul Lorenz, of Grants Pass, who died in the service of his country will be honored together with 51 other college faculty, students and alumni who made the supreme sacrifice, at a Gold Star memorial service at the college Monday morning. Mothers and other close relatives of men in whose honor the ceremony will be held are expected to occupy seats on the platform.

Alumni and friends of the institution from all parts of the state are being urged to attend. Dr. Edwin S. Pence, of Portland, will deliver the memorial address, and Pres. W. J. Kerr will preside.
